Local Intelligence.

THROWING STONES.—A gentleman living on Mary street showed us, this morning, a stone weighing half a pound, which was thrown into the window of his dwelling, yesterday, by some person unknown. This was probably the work of some thoughtless lad, as such things are not unfrequently done by boys in our streets and thoroughfares. There is a severe penalty attached to throwing stones or other missiles in the public streets and ways of the city, and the only reason it is not often enforced is that offenders have not been detected. One of them will be caught one of these days, however, and then he will see what will come of it.

A short time since a lady on Church street was injured in the head while in her cellar, by a stone purposely thrown by a boy, who immediately thereafter took to his heels and ran down the street.

SOCIAL GLEE CLUB CONCERT.—Members of the Committee having tickets for the Concert Monday evening unsold, if any, will please leave them at this office, as there is a demand for them.

EMIGRANTS.—A flock of wild geese passed over this city yesterday, bound North, the first we have heard of this season. Said to be a sign of approaching warm weather, which we trust will prove true.

REAL ESTATE SALE BY HAZARD AND APPLETON.—John Brastus Lester, assignee, to Nathan Appleton, of Boston, 36,921 feet of land, on the corner of Bellevue Avenue and Perry street, for \$20,335 50—55 cents a foot. Mr. Appleton will build upon the lot immediately.

Providence Conference.

WEDNESDAY, March 27.
In accordance with previous notice, Conference was opened at 9 o'clock, Bishop Baker presiding. Devotional services were conducted by Rev. Frederick Upland, P. D., and Rev. J. B. Husted. On nomination, Rev. M. J. Talbot of Newport, Secretary of several preceding Conferences, was re-elected Secretary, with the privilege of nominating his assistant Secretaries. The votes fell upon Rev. J. Mother and R. Dockersley. On calling the roll 65 members of the Conference answered to their names.

Voted to meet at 9 o'clock and adjourn at 12 o'clock.
A Transacting Committee was appointed. The duty devolved upon this Committee is that of nominating all the Conference "Standing Committees," nineteen in number. These Committees will average four men each. Thus a large portion of the whole Conference is constituted into its working machinery. This is characteristic. For the Methodist Church—either in its ministry or its laity—is eminently a working Church.

The three presiding elders, Revs. Dr. Brown, Thomas Ely and P. T. Heneey, presented their several lists of lay delegates, which were duly confirmed. These brethren now become, for the time being, part and parcel of the "House," exercising, equally with the clergy, the privilege of voice and vote in the deliberations and decisions of the Synod.

Circulars were read from the Sunday School Union of the Methodist Episcopal Church, and from the Wesleyan University. These were referred to their appropriate committees.
The following "Disciplinary Questions" were considered: "Who Remain on Trial?" "Who are the Deacons?" "Who are Elected and Ordained Elders?" "Who are the Supernumerary Preachers?"
The Committee on Public Worship were instructed to make arrangements for a public service commemorative of deceased brethren. The mortality in Conference, during the past triennial year, has been unprecedented by any preceding year. Six members of this clerical body have died during the past twelve months, and to this number must be added the wives of two ministers.

PORTSMOUTH.—The annual meeting of School District No. 1, was held Monday evening, the 18th instant. Constant W. Chase was elected chair man, and William U. Gifford, clerk, after which the meeting adjourned to the following evening. On Tuesday evening, Gordon Lawton was elected Trustee. A tax of sixty cents on the thousand dollars was voted.

SCHOOL EXHIBITION.—The school in District No. 1 closed with an exhibition on Tuesday, the 26th instant. It was very creditable to scholars and teachers. Miss Clara E. Barker has taught in this District several terms. She has been very successful in imparting instruction, and has also been equally successful in the more difficult matter of securing and maintaining good government in her school.

PORTSMOUTH.—The National Union electors of Portsmouth have been notified to meet at the Town Hall this evening, at 7.30 p. m., for nomination of candidates for Senator and Representative, and also for the nomination of candidates for town officers.

Another effort is being made to annex the city of Roxbury to Boston. The Councils of both cities seem to favor the project, but do not appear to agree as to the mode of accomplishing it.

PERSONAL.

It is rumored that Henry Russell, the musical composer, is to be knighted.

It is emphatically decided that Charles Sumner intends to withdraw from politics at the close of the present Congress.

Mustapha Pasha is a great favorite in Paris, where he spends about 80,000 francs a week. He is said to be a polished gentleman, and sociable man of the world.

Jeff Davis's plantation with that of his brother Joe, have been sold to a French slave of Joe's for \$400,000, on 15 years' lease, and the colored man it is said will make \$50,000 two years.

The infelicitous woman, Mrs. Perry, the recipient of secret service in Presidential politics, is the victim also of many rumors. There is a story that Mr. Andrew Johnson's son-in-law was once engaged to be married to her daughter, and it appears to be a plausible one.

In a letter giving \$800 through a Synagogue the anti-slavery cause of that section. Mr. Edwin Forrest is tempted to say: "God bless self only knows the full extent of the present sufferings." He exhorts his readers "not to question what is constitutional for clergy itself fulfill the law."

Leroy Stone and Mr. H. B. Blackwell, who reside at Montclair near Newark, stated yesterday morning for Kansas, where they are to address the Topeka State Convention on Tuesday, April 2, with reference to striking the words "white" and "black" from the State Constitution, the same to be subsequently submitted to the people for ratification.

We lost the following for the benefit of those whose sympathies have gone out for the poor editor who "has such hard work to get enough to fill up his paper."

"An idea is prevalent among those who are not well informed in the matter, that editors have a difficult job to fill up their columns. It is not so. The 'difficult job' is in selecting that which is appropriate from the confused mass that is continually crowding upon them."

A Youngstown, Ohio, paper tells of a woman walking on the railroad, whose gait indicated that she had been taking laughing gas, or something else exhilarating. A brakeman on a passing train peered her, whereupon she drew a revolver and fired, narrowly missing him. It is believed he will hereafter carefully avoid passing ladies who appear to have been "taking nitrous oxide, or something."

The moral people of Sauk County, Wisconsin, are greatly agitated on the subject of liquor raising. The business is very profitable, but then beer is made of the hops, and the farmers in that section are strong temperance men. Elder Carr, a revival preacher, has raised the question of their consistency in a powerful sermon on the "morality of raising hops for the general market."

An extraordinary act of forbearance was committed recently at Berdoux. A young man, dressed as a sailor, ascended to the lower gallery of the tower of Pop-Berland, and finding that he could mount no higher, got outside, and clambered by the projections up to the statue of the Virgin, on the top, finally settling himself on the head of the figure, where he remained for a considerable time, dangling his legs and smoking.

The receipts of the American Bible Society for the month of February was \$73,278 58. Fourteen auxiliaries have been reorganized during the present month. Fifteen life members have died. The agents of the Society report very gratifying results from their labors in all quarters.

Escobedo, the Liberal General in Mexico, has ordered the immediate execution of all foreigners taken with arms in their hands. One hundred and twenty three men, French by birth, have already been shot. "One by one," the report says, "the prisoners were shot, and each bloody body was left as it fell, for the next victim in order to look upon."

Washington, D. C., March 27.—The Supplemental Reconstruction Act is today officially promulgated by the Secretary of State with the certificate of the Clerk of the House and the Secretary of the Senate that it was passed over the President's veto.

LEA & PERRINS' CELEBRATED WORCESTERSHIRE SAUCE.
PRONOUNCED BY CONNOISSEURS TO BE THE "Only Good Sauce" AND APPLICABLE TO EVERY VARIETY OF DISH.
Extract of the Medical Gentleman at MADRAS, to his Brother at WORCESTER, 1851.
"LEA & PERRINS' SAUCE is highly esteemed in India, and is, in my opinion, the most palatable as well as the most wholesome Sauce that I have used."
The success of this most delicious and invigorating condiment having caused many unprincipled dealers to apply the name to Spurious Compound, the Trade is respectfully and earnestly requested to see that the name of LEA & PERRINS is upon the WRAPPER, LABEL, STOPPER and BOTTLE.

(Special to the Boston Advertiser.)

WASHINGTON, March 27.

The adjournment question made one more stage of progress in the House this afternoon when it was decided by a vote of 150 yeas to 100 nays to adjourn on Wednesday next. The debate covered one hour, and was not very interesting or important. Mr. Schenck's proposition for meeting on the first Wednesday in June and September, and as Mr. Wade and Mr. Olney shall declare by joint proclamation ten days before the date specified that a session is not necessary, was carried by yeas 74, nays 51. The adjournment was made up of 27 Democrats and 24 Republicans, the latter being the following named:

Ballard, Bingham, Blair, Beckstead, Correll, Ferry, Gilman, Hubbard of West Virginia, Ketchum, Kitchin, Keeney, Latta, Lincoln, Marshall, Morrill, Newcomb, Poland, H. B. Harris, Smith, Spaulding, Stewart, Trenchard, Washburne of Wisconsin.

The action of the House this afternoon relative to the New York collector of customs was very decided. Motions to lay on the table, to recommend, to postpone, and to adjourn, were all voted down, and Mr. Hubbard's resolution from the investigating committee, declaring it to be the sense of the House that it ought to be at once removed, was then carried by yeas 69, nays 33. Several Republicans who voted in the negative said they thought they should be turned out, but they did not believe the House was called on to act at all in regard to the matter.

The report of the Judiciary committee, concerning Mr. Doolittle and Mr. Patterson from all claims in connection with the New York Custom House affairs, was accepted by the Senate a third division or objection. A long discussion followed about printing the evidence, but no decision was reached prior to adjournment.

The President has not yet signed the bill suspending payment for arrears deferred or on time into the army, and the impression gaining ground that it will not become a law, as Congress is almost sure to adjourn before the constitutional limit of ten days expires.

The President sent to the Senate this afternoon a large number of internal revenue nominations, a few postmasters and minor civil officers, and that of General Sherman as naval officer at New York. The Senate bill allowing the expenditure of fifty thousand dollars from the funds of the Freedmen's Bureau, for building roads to the South, will probably be agreed to by the House.

The bill empowering and directing the Secretary of War to take possession of a portion of Long Island, from Harbor, for military purposes, went to the President for signature this afternoon. Colonel Nathaniel O. Taylor, ex-representative in Congress from Tennessee, was confirmed this afternoon as Commissioner of Indian Affairs.

FROM WASHINGTON.

(SPECIAL DISPATCH TO THE BOSTON JOURNAL.)

WASHINGTON, March 27, 1867.

Both the Senate and the House have resolved to adjourn at 12 o'clock to-morrow; but as they have not recessed yet to the time when the recess is to end, the session will be prolonged until Friday or Saturday. Meanwhile the more radical Republican Representatives are endeavoring to persuade the Senators to agree to adjourn until the first Wednesday in June and the first Wednesday in September, unless the President of the Senate and the Speaker of the House shall, by joint proclamation, declare that there is no occasion for the meeting of Congress at the time specified.

The management of the Indian tribes, which is a standing topic of discussion in the Senate, was up again to-day. It appears that there are about a hundred Indian delegates now here, on a visit to their "Great Father," without any provision for their support, and that some of them have to doze at a public garden to obtain food.

The Senate had a brief executive session, in which, after a long discussion, it confirmed K. G. Taylor of Tennessee as Commissioner of Indian Affairs. He was a minister of the Methodist Episcopal Church South, and was admitted to the House towards the close of the last session as a Representative from Tennessee.

RADICAL CONVENTION IN MARYLAND.

BALTIMORE, March 27. The Radical convention, which was elected some time since, ressembled this morning at Broadway Hall, after organizing and appointing a Committee on Resolutions, the convention took a recess until three o'clock.

On re-assembling the Committee reported a preamble and resolutions, which state that the State Legislature has passed the Convention bill on which the Convention has previously passed its judgment; returns thanks to the Republican members of the Legislature for their memorial to Congress presented on the 25th of March, and appeal to the members of Congress to grant that request; call on Congress to protect the loyal majority of the people of Maryland, white and colored, and give it a State Constitution on the basis of universal or manhood suffrage; oppose any Constitution which does not express the will of the people without regard to color, and with the aid of the loyal Representatives of the nation will resist such Constitution as revolutionary usurpation; and will take no part in the election of delegates, further than to recommend the Republicans of the State to vote against the call for a Convention, and use all lawful means to defeat it; propose independent action in case the Legislative Convention, if established by a majority of the voters, and that a Convention of its opponents be held in Baltimore on the first Wednesday in June next, to proceed to form a Constitution on the basis of manhood suffrage.

The resolutions were adopted, and a committee was appointed to lay them before Congress. The Convention then adjourned sine die.

MISCELLANEOUS DISPATCHES.

New York, March 27. Orders have been issued under the recent law in New Jersey prohibiting railroads the whipping of scholars in the public schools.

The house carpenters and joiners of this city have given notice to employers of their intention to demand four dollars per day on and after April 1.

Macon, Ga., March 27. A mass meeting of freedmen, held here to-night, was addressed by prominent citizens. Resolutions were adopted regarding thanks to Congress for emancipation and secession, declaring that they cherish no bitter feeling toward their late masters, and recommending the policy of Governor Brown, and recommending the people to elect to the terms of Congress.

AGUSTA, Ga., March 27. Gen. Sweeney, Post Commander, has issued an order forbidding all elections until Gen. Pope assumes command of this District.

THE TROUBLES IN CHARLESTON, S. C. March 27. Two negroes concerned in the attack on the street cars yesterday were arrested to-day and freed. They said they were induced to their misconduct, and were partially intoxicated. Everything is quiet to-day.

THE CENTRAL PACIFIC R. CO.

Having Completed, Equipped and put in operation nearly One Hundred Miles of their Road, from Sacramento, California, to within 12 Miles of the Summit of the Sierra Nevada Mountains, continue to offer for sale, through us, their

FIRST MORTGAGE BONDS

issued in conformity with the Acts of Congress and the laws of the State of California, upon the division of their Road located in the State of California, and extending one hundred and fifty-six miles from Sacramento City to the California State line.

The Bonds have Thirty Years to run, 4 July 1, 1865, and are secured by a

FIRST MORTGAGE.

constituting an absolute prior lien on the portion of Road above named, with all the Rights, Privileges, Equipments, &c., pertaining thereto.

The amount of these First Mortgage Bonds to be loaned per mile is limited by law to the amount of United States Bonds allowed and issued to aid the construction of the Road, and the Mortgage by which they are secured is DECLARED BY ACT OF CONGRESS TO CONSTITUTE A LIEN PRIOR AND SUPERIOR TO THAT OF THE UNITED STATES GOVERNMENT.

Interest at the rate of Six per cent. per Annum, payable Semi-Annually, on the First days of January and July.

Principal and Interest payable in

UNITED STATES GOLD COIN.

in the City of New York.

The price of the Bonds is fixed for the present at 95 per cent, and accrued interest from January 1st in Currency, the Company reserving the right to advance the price whenever it is their interest to do so.

The Road forms the Western part of the

MAIN TRUNK

of the

Great National Pacific Railroad,

authorized, organized and aided by the

UNITED STATES GOVERNMENT

It runs through the heart of the richest and most populous section of the State of California, connecting the

Extensive Mining Regions of

Nevada, Utah and Idaho

with Sacramento and the Pacific Coast, from whence their supplies must be drawn; and the Exchanges of the portion already running are very heavy, and largely in excess of the interest upon the Company's Bonds.

Having been for some time familiar with the operations of the Central Pacific Railroad Company, we are satisfied that they are conducted with rare ability and prudence, and that the energetic and economical management of the Company's affairs entitles them to the confidence of Capitalists and of the public. We have carefully investigated the progress, resources, and prospects of the Road, and have the fullest confidence in its success, and in the value and stability of the Company's securities. The attention of Trustees of Estates, Institutions, and individuals desiring a long, safe and remunerative investment, is especially invited to these First Mortgage Bonds.

Orders may be forwarded to us direct, or through the principal Banks and Brokers in all parts of the country.

Remittances may be made in drafts on New York, or in Legal Tender Notes, National Bank Notes, or other funds current in this city, and the Bonds will be forwarded to any address by Express, free of charge. Inquiries for further particulars, by mail or otherwise, will receive prompt attention.
